Rubber O-Ring
waterproof seal

Nylon Lanyard
hang it or wear it

Patented Angle
for easy entry to contents

Anodized Aluminum Carabiner
for clipping to bags etc.

Latch
positive for security

Breakaway Clip
for emergency release

Our cases are made of strong, durable ABS plastic to protect against crushing and impact. All cases are equipped with a waterproof rubber o-ring to keep contents dry and safe from the elements.

What is adventure? Is it scaling a wall of granite? Leaping off a cliff into the roaring surf? Kayaking down the chutes of a storm-swollen river? Is everyday an adventure in itself? However you define adventure, Witz® is here to protect your gear.

Witz® Sport Cases are THE most practical waterproof cases to protect your valuables. Witz® takes pride in the fact that all of our cases are compact, lightweight, portable and convenient. Unlike other protective cases, Witz® Sport Cases work for everyday use. Their streamlined design makes them perfect for hanging around necks, slipping into pockets, stowing in backpacks, or clipping to bags.

Witz® Sport Cases are waterproof to 5m.

Testimonials

My adventure is being a nurse. I recieved my ID holder from one of my Nursing instructors upon graduation and we have been inseperable. I can't stand carrying purses and travlling from hospital to hospital needing to carry IDs, licenses, certifications, a credit card for emergencies and a little cash, the ID holder came in handy. All my personal information stays with me, not in a straneg locker or my car. I've ditched my purse and this is now my purse! I love it so much that i'm getting myself another colour! --- Jacq, February 1st, 2008

I love these cases! I'm able to keep my ID, credit cards, cash etc on me at the beach, pool, and they are perfect for a water park. Much safer than having to leave everything in a locker. I've recommended this product to all my friends and family. --- Kara, September 10th 2008

Design simplicity, colour variety, and it's corresponding functions are admirable qualities of Witz sports cases. I wear one as if it was a piece of jewelry! ---Daniell, June 8th, 2008

I love my Witz cases. They are great when I go on cruises. Not only do they keep all my stuff dry, but I can always find my ship card and ID when going to and from the ship. When I'm not using them around water, I use them every day to hold my Metro card for travel on the Metrorail system in Washington, DC, and also to hold my security card for entrance to my workplace. I don't have to take the cards out of the case to swipe them and enter the metro or the building. Whenever my stuff is in a Witz, I never have to worry about losing it either. I have a Witz in every colour. Can't wait for your passport size cases to become available! --- Cindy, March 22nd, 2008

I love my Witz case. I have the See-It Safe Clear and it works wonders at my place of employment. I keep all of my identification and business cards in it for easy access and it's never failed me. --- Alzine, April 4th, 2008
